Poster Session

The poster sessions organized by several of the workshops will take place in three central locations:

- room G1 and G2 on level 2 G1.A... G1.E, G2.A... G2.E
- hallway Foyer-AC on level 1 P.A, P.B, P.C, P.D
- Foyer 7-8 on level 1 P.E

The detailed allocation of poster locations to workshops for room G1 and G2 will be posted on-site.

Note that the late-breaking posters session of the main conference will also take place in rooms G1/G2 on Thursday, October 1. Posters for the Monday workshops should be set-up on Monday morning, and can be left on show until Wednesday evening. Posters for the Friday workshops should be set-up on Friday morning, and must be taken down on Friday evening after the workshop closes.

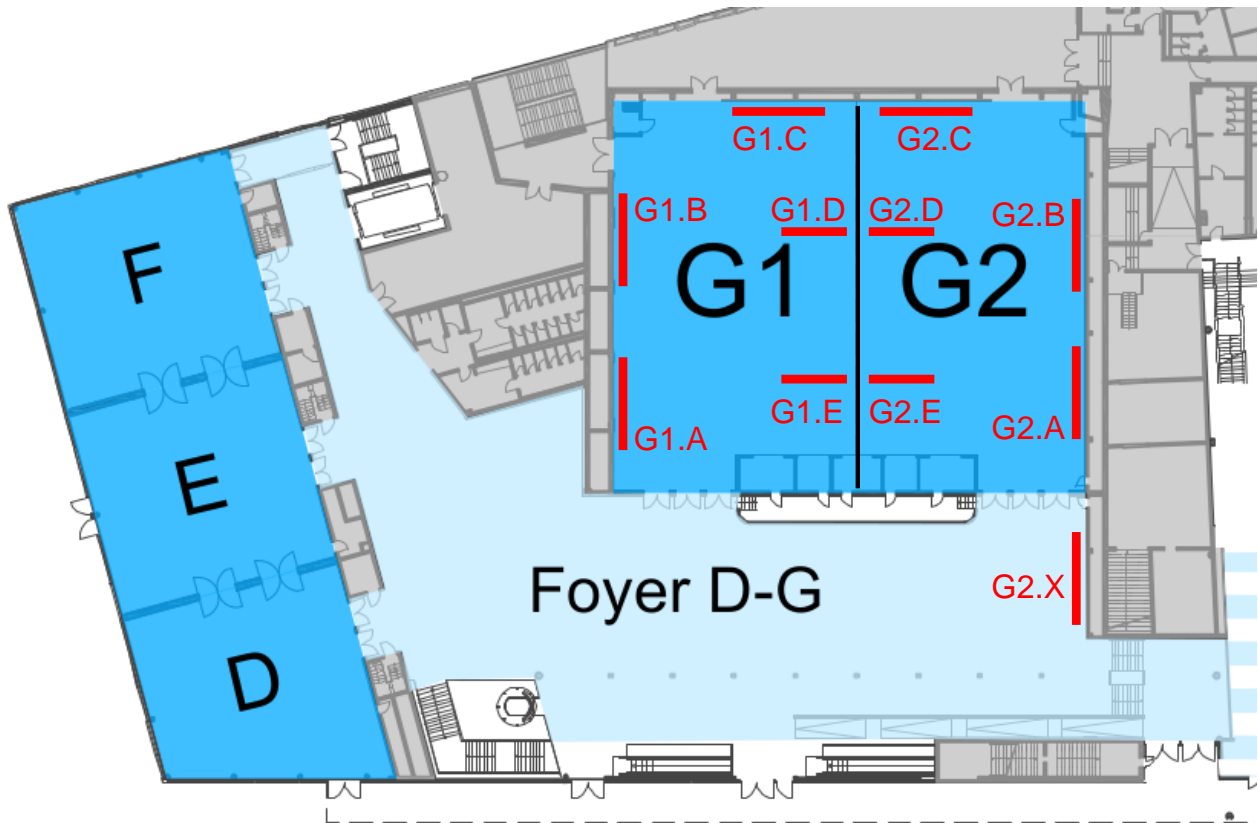

Please prepare your posters in size up to DIN A0 portrait orientation (841 mm × 1189 mm). Special glue (Tesa PowerStrips) will be provided by the conference; please do NOT use needles, pushpins, or standard adhesive tape to mount your posters, as this will damage the poster boards.

See the following sketches for the layout of poster boards, and check the description of your workshop for where to put the posters for your workshop:
